

[Bicycle Adventures](#) is North America's premier bicycling vacation company, offering more than 200 guided bicycle tours in approximately 60 destinations in the United States, Canada, Europe, Asia and South America. National Parks, scenic byways and 4- and 5-star lodging and dining are hallmarks. Tours are crafted for every level of cyclist from beginner to expert and include top-quality bicycles, full van and luggage support and expert certified guides.

Pre-set and [custom](#) tours explore the Pacific Northwest into Canada, California and the Southwest, as well as the Dakotas, New York, Hawaii, Chile, New Zealand, Spain and Taiwan. Types of tours include [Classic](#) (25-50 miles a day), [Classic Plus](#) (50-60 miles a day) and [Epic](#) (70+ miles a day, with challenging terrain). The [Lewis & Clark](#) tour series follows the routes traveled by America's most renowned explorers. Award-winning [Family Tours](#) and [Rails to Trails](#) tours offer cycling plus multi-sport adventures and riding on safe, scenic bike paths. [Cross-country ski tours](#) and [Hiking Tours](#) offer active complements to cycling.

The lineup includes a National Geographic Traveler "Tours of a Lifetime" award-winning Empire Epic cycling tour from Washington to Montana's Glacier National Park. The family tour series on car-free bike paths garnered Outside magazine's "Best of Travel 2015" award.

Two expert guides lead each tour and have the flexibility to adjust routes and activities to meet each person's desires and abilities. Each guide is well versed in the wildlife, geography and history of each region traveled. Tours are painstakingly planned, thoughtfully paced and full of vivid adventure. Whether introducing someone to their first bike tour or catering to the experienced cyclist, guides are all about enjoying the beauties of the byways and back roads we traverse. We are cyclists and we believe life is just better from the seat of a bicycle.

**History:** Bicycle Adventures was founded in 1984 with one van and a multi-day bicycle tour of Washington's San Juan Islands. The original owners added new Northwest destinations over time, growing the company to more than 100 tour departures. In 2008, Bicycle Adventures was purchased by Todd Starnes and Brad Barnard, two Seattle-area businessmen with deep roots in the bicycling and bike racing industry. They moved company headquarters to Redmond, Washington, and have continued to expand to new destinations and experiment with new types of tours.
